

Graduate Program in Mathematics and Applications

MASTER DEGREE SCHOLARSHIPS

CALL FOR APPLICATION 2023/2024

The *Graduate Program in Mathematics* of Paris Sciences et Lettres (PSL University) offers Master scholarships for 1 or 2 years to national and international students. The scholarship is a 10-month allowance of 1200 euros per month per year. Laureates are selected through an online application process based on academic excellence criteria in one of the following curricula of the PSL Master in Mathematics:

- 1st year Master: *Applied Mathematics - Advanced Mathematics track*
- 1st year Master: *Pure Mathematics*
- 2nd year Master: *Applied and Theoretical Mathematics (MATH)*
- 2nd year Master: *Mathematics, Machine Learning and Humanities (MASH)*
- 2nd year Master: *Mathematics for Insurance, Economics and Finance (MASEF)*

The teaching programs are supported by the mathematics research laboratories of Ceremade (University Paris Dauphine - PSL) and DMA (Ecole Normale Supérieure - PSL).

The teaching language is English (except for the 1st year of the *Pure Mathematics* curriculum).

Links to the websites for each of the above master curricula can be found here
