MASTER'S DEGREE SCHOLARSHIP

CALL FOR APPLICATIONS 2022/2023

The Graduate Program in Mathematics and applications in a PSL Research University program hosted by Université Paris Dauphine-PSL. Candidates apply simultaneously for their admission in one of our specific master curricula and for a scholarship. The scholarship consists in a fixed monthly allowance of 650€ plus an additional housing participation allowance (subject to proof of receipts) of maximum 500€. The scholarship is based on a 10-months duration. The extension of a 1st year master scholarship for a 2nd year Master program will be submitted to evaluation by the academical board and conditioned to the successful validation of the 1st year.

Registration fees are covered by the scholarship and remain to be paid by the applicant in due time.

This scholarship, based on academic excellence criteria, is open to national and international students having successfully achieved an undergraduate program in mathematics (if applying for a 1st year master program) or a 1st year of master program in mathematics (if applying for a 2nd year master program) or equivalent.

The grant is conditional to the student’s effective registration in one of PSL’s master curricula listed below (see link for details: https://psl.eu/en/education/master-s-degree-mathematics-and-applications):
- 1st year Master: Advanced Mathematics
- 1st year Master: Fundamental Mathematics
- 2nd year Master: Applied and Fundamental Mathematics (MATH)
- 2nd year Master: Mathematics, Machine Learning and the Humanities (MASH)
- 2nd year Master: Mathematics for Insurance, Economics and Finance (MASEF)
Interruption of attendance will imply immediate termination of the scholarship payments in accordance with the university's rules and regulations.

This scholarship cannot be combined with other types of grants (excepts for mutual programs with French Embassies or French Institutes abroad).

The required documents must be uploaded on the MyCandidature platform (Graduate Program in Mathematics and Applications) opening on January, 21st, 2022*.

For more information please check our website: https://candidatures.dauphine.fr/mycandidature/front/#/!

*For information purposes here are some of the documents candidates need to provide

- Curriculum Vitae
- Detailed application letter
- Academic transcripts and undergraduate diploma (when available)
- Academic transcripts and postgraduate diploma (when available)
- French language proficiency certificate (DELF, DALF, etc..) only for international students applying for a 1st year master curriculum.
- Any other document attesting of the student's academic excellence such as national or international competition results, etc...
- A professor's letter of recommandation

*A new national application procedure for master programs is being implemented. Due to delays our platform should be updated and activated by mid-December.

Closing date for applications: March 7th, 2022

All incomplete applications will be rejected.
